

Product Name	Content	Cat. No.
<i>Instrument</i>		
iColumn 12	iColumn 12 Automated DNA/RNA Purification System	ABM1012
iColumn 24	iColumn 24 Automated DNA/RNA Purification System	ABM1024
iColumn LV8	iColumn LV8 Automated DNA/RNA Purification System	ABM2008
iColumn LV16	iColumn LV16 Automated DNA/RNA Purification System	ABM2016
<i>Reagent</i>		
For 12/24 System		
AccuPure Cell/Blood DNA Mini Kit (96)	For purification of total DNA from whole blood, buffy coat, body fluids, lymphocytes or cultured cell.	D10096
AccuPure Circulating DNA Mini Kit (96)	For purification of Circulating DNA from 800ul of plasma, urine or body fluids.	D11096
AccuPure Tissue DNA Mini Kit (96)	For purification of total DNA from animal tissues, dried blood spot, nails, hair, feathers, bacteria in culture or body fluids, Gram(+) bacteria, avian blood, insect, urine, swab, LBC (Liquid-Based Cytology), cytology brush in preserving tube, saliva, or yeast.	D20096
AccuPure FFPE Tissue DNA Mini Kit (96)	For purification of total DNA from FFPE tissues.	D22096
AccuPure MTB DNA Mini Kit (96)	For purification of total DNA from MTB.	D23096
AccuPure Stool DNA Mini Kit (96)	For purification of total DNA from stool	D24096
AccuPure Plant DNA Mini Kit (96)	For purification of total DNA from plant cells, plant tissues or fungi.	D30096
AccuPure Cell/Blood RNA Mini Kit (96)	For purification of total RNA from whole blood, buffy coat, body fluids or cultured cell.	R10096
AccuPure Blood RNA X Mini Kit (96)	For purification of total RNA from 10ml whole blood.	R11096
AccuPure miRNA Mini Kit (96)	For purification of miRNA from plasma, serum, cell-free body fluids and cell-culture supernatants	R12096
AccuPure miRNA-900 Mini Kit (96)	For purification of miRNA from 900ul serum, plasma or body fluids.	R13096
AccuPure Tissue RNA Mini Kit (96)	For purification of total RNA from animal tissues, bacteria.	R20096
AccuPure Plant RNA Mini Kit (96)	For purification of total RNA from plant or fungi.	R30096
AccuPure Viral DNA/RNA Mini Kit (96)	For purification of viral DNA/RNA from plasma, serum, cell-free body fluids and cell-culture supernatants. (Optional buffer purchase) For purification of viral DNA/RNA from animal tissue	T10096
AccuPure HPV DNA Mini Kit (96)	For purification of Human Papillomavirus from cytology brush in preserving tube, pelleted cells and LBC (Liquid-Based cytology).	T12096
For LV8/LV16 System		
AccuPure Circulating DNA Mini Kit- LV3 (96)	For purification of Circulating DNA from 3ml of plasma or body fluids.	D11096-LV3
AccuPure Circulating DNA Mini Kit- LV5 (96)	For purification of Circulating DNA from 5ml of plasma or body fluids.	D11096-LV5
